

2020 GAMAY NOUVEAU

BRAND STORY

Tolenas Winery was built on a foundation of family—with a passion for this land that has abundantly provided for generations of California winemakers. Our winemaking philosophy centers the vineyard and fruits as the focus, abstaining from disturbing the vines with chemicals or unnecessary additives. Our products reflect a commitment to both protecting the land and preserving the integrity of our wines. While making wines like this is risky, we wouldn't have it any other way.

VINEYARD INFO / REGION

Our grapes are grown from the historic 1982 Gamay vineyard in Suisun Valley. Located just east over the Vaca mountains from Napa Valley, the Suisun Valley is nicely situated to get both coastal breezes and plenty of direct sunshine. Our Gamay Nouveau not only showcases the versatility of the grape itself but also how the AVA delivers on complex flavors and distinct varietals.

TASTING NOTES

Our referred to as the winter rosé, Gamay Nouveau is a light and fruity chillable red wine. With aromatic notes of cranberry sauce and Christmas spices, the wine finishes with a burst of juicy pomegranate flavor.
